

ATTENTION TRAIL USERS

In order to keep our trails open for recreation during this time, we ask you to please follow these simple guidelines to prevent the spread of COVID-19:

- If you are coughing, have a fever, or are showing any other symptoms, please stay home!
- Stay local and keep your visits short to minimize exposure.
- Wash your hands often, including right before you leave, and bring hand sanitizer with you (if you have it). Otherwise, make sure to wash your hands immediately upon returning home.
- If there are several cars in the parking area, please find another place to recreate, or plan to come back another day/time.
- Please continue to practice social distancing by staying at least 6-feet from others, even when outdoors. Wear a face covering when appropriate.
- Avoid sharing any equipment, such as bicycles, helmets, cameras, water bottles, etc.
- Please continue to practice leave-no-trace principles; do not leave behind any garbage of any kind that someone else has to pick up.

Thank you for continuing to recreate responsibly during these times. We appreciate your cooperation, allowing us to keep our trails open for your enjoyment. If you have concerns about trail conditions, please call the Land Trust office at 360-417-1815 and your call will be returned as soon as possible.

Current as of November, 2020.
